

FIHRP FOREST INDUSTRY HEALTH RESEARCH PROGRAMME GENERAL INDEX

Abietic Acid	3	Dermatitis	11
Acetaldehyde	3	Detector Tubes	11
Acetic Acid	3	Diffusion Monitors	12
Acetone	3	Dimethyl Disulphide	12
Acid Gas/Dust/Mist Cartridges	3	Dimethyl Sulphide	13
Acrolein	3	Dimethyl Trisulfide	13
Aerosols	3	Electric and Magnetic Fields/Electromagnetic Fields	14
Alarms	4	Electric Shock	14
Aldehydes	4	Endotoxin	14
Alkyd-Coated Metals	4	Engineering Controls	15
Alpha-pinene	4	Epoxy-Coated Metals	15
ALARA	4	Ergonomics	15
Aromatic Hydrocarbons	4	Eruclyamide	15
Asbestos	5	Ethanol	15
Aspergillus Fumigatus	5	Exposure / Exposure Limits	16
Assessment Strategies	5	Fly Ash	17
Asthma	5	Formaldehyde	17
Bacteria	6	Formic Acid	18
Balsam Dust	6	Foul Condensates	18
Bioaerosols	6	Fungi / Fungal Spores	18
Biocides	6	Gas Alarms / Gas Monitors / Gas Detection	19
Butyl Cellosolve	6	Gas Collection	19
Carbon Dioxide	7	Gas Contaminants	19
Carbon Monoxide	7	Glue Emissions	19
Chemical Emissions	7	Hearing Protection	20
Chlorinated Rubber-Coated Metals	7	Hydrochloric Acid	20
Chlorine	8	Hydrogen Sulphide	21
Chlorine Dioxide	9	Hypersensitivity Pneumonitis	21
Chromium	10	Impinger Sampling	22
Combustible Gases	10	Inhalable Particles	22
Confined Spaces	10	Irritation – Respiratory / Thresholds	22
Construction Workers	10	Ketones	23
CTMP	10	Kraft Mill Gases	23
Dehydroabietic Acid	11	Legionella	24
Delta-Carene	11	Lime Dust	24
Dermal Sensitization	11	Metal Fume	25

FIHRP FOREST INDUSTRY HEALTH RESEARCH PROGRAMME GENERAL INDEX

Methanol	25	Respirators	32
Methyl Isobutyl Ketone	25	Respiratory Disease/Respiratory Hazards	32
Methyl Mercaptan	26	Sampling Bags	33
Monitors	27	Shift Work	33
Moulds / Mould Spores	27	Sodium Hydroxide	33
Multicyclic Hydrocarbons	27	Squalene	33
Muriatic Acid	27	Styrene	33
Odour Thresholds	28	Sulphur Dichloride	33
Organic Vapour Cartridges	28	Sulphur Dioxide	34
Oxodehydroabiatic Acid	28	Sulphur Gases	34
Oxygen Monitors	28	Sulphur Hexafluoride	35
Ozone	28	Sulphuric Acid	35
Paper Dust / Paper Additives	29	Terpenes	36
Paper Machine Additives	29	Threshold Limit Value	36
Passive Dosimeter	29	TMP	37
PCB	30	Toxic Gas Concentration	37
Permissible Concentration	30	TRS	37
Peroxide Bleaching	30	Turpentine	37
Phenol / Phenolics	30	Ventilation	38
Physical Energies / Physical Hazards	31	Vinyl-Coated Metals	38
Polyurethane-Coated Metals	31	Volatile Organic Compounds	38
Pulp Mill Gases	31	Welding / Gouging	39
Red Cedar Dust	32	White Water	39
Reduced Sulphur Gases	32	Wood Dust	40
Resin Acids	32	Xylenes	41
Resistant Coatings	32		
Respirable Particles	32		

Click on the title to link to the appropriate page. Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Abietic Acid	2001	56	ALARA (as low as reasonably attainable) Substances: A Risk Assessment Model
Acetaldehyde	1989	019	Emissions From Welding On Epoxy-Coated Metals
	2000	50	Acrolein and Other Aldehydes in Pulp Mill Environments
	2001	54	Air Emissions From Peroxide Bleaching of CTMP
Acetic Acid	1999	49	Dermal Exposure To Paper Additives - Phase III: Assessment of Dermal Exposures
Acetone	1989	019	Emissions From Welding On Epoxy-Coated Metals
	2001	54	Air Emissions From Peroxide Bleaching of CTMP
Acid Gas/Dust/Mist Cartridges	1985	008	Life Expectancy of Respirator Cartridges Used in B.C. Kraft Pulp Mills
Acrolein	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
	2000	50	Acrolein and Other Aldehydes in Pulp Mill Environments
Aerosols	1999	49	Dermal Exposure To Paper Additives - Phase III: Assessment of Dermal Exposures

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Alarms	1987	015	Reliability Of Hydrogen Sulphide Gas Alarms
Aldehydes	1997	32	Paper Additives, Paper Dust and Fungal Exposure at the Paper Machine
	1998	39	Evaluation of Pulp and Paper Machine White Water For Compounds Causing Adverse Health Effects
	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills
	2000	50	Acrolein and Other Aldehydes in Pulp Mill Environments
Alkyd-Coated Metals	1989	025	The Hazards Of Welding On Coated Materials
Alpha-pinene	2001	54	Air Emissions From Peroxide Bleaching of CTMP
ALARA	2001	56	ALARA (as low as reasonably attainable) Substances: A Risk Assessment Model
Aromatic Hydrocarbons	1989	019	Emissions From Welding On Epoxy-Coated Metals

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Asbestos	1985	010	Asbestos Part I: A Review of Properties, Uses, and Health Hazards
	1985	011	Asbestos Part II: Locations, Evaluation and Control in the BC Forest Products Industry
	1986	013	Asbestos Substitute Materials (Man-made Mineral Fibres) - Properties, Uses, and Health Effects
	1998	44	Asbestos Replacement Products: A Review of Health Effects
Aspergillus Fumigatus	1999	45	Bioaerosols From Pulp Mill Effluent Treatment Sludges
	2002	59	Microorganisms Associated With Wood Chips, Hog Fuel, and Sludge at Pulp Mills
Assessment Strategies	1994	12	Guidelines for Occupational Exposure Assessments
Asthma	1985	005	Wood Dust: A Review of Potential Effects on Health

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Bacteria	1985	006	Measurement of Airborne Moulds and Bacteria at a Newsprint Mill
	1999	45	Bioaerosols From Pulp Mill Effluent Treatment Sludges
	2002	59	Micro-organisms Associated With Wood Chips, Hog Fuel, and Sludge at Pulp Mills
Balsam Dust	1985	005	Wood Dust: A Review of Potential Effects on Health
Bioaerosols	1997	37	Investigation of Chemical and Bioaerosols Emissions from Pulp Mill Effluent Treatment Systems
	1999	45	Bioaerosols From Pulp Mill Effluent Treatment Sludges
	2002	59	Microorganisms Associated With Wood Chips, Hog Fuel, and Sludge at Pulp Mills
Biocides	1997	32	Paper Additives, Paper Dust and Fungal Exposure at the Paper Machine
Butyl Cellosolve	1989	019	Emissions From Welding On Epoxy-Coated Metals

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Carbon Dioxide	1997	37	Investigation of Chemical and Bioaerosols Emissions from Pulp Mill Effluent Treatment Systems
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
Carbon Monoxide	1996	20	Evaluating an Exposure Assessment Strategy: Chlorine Dioxide and Carbon Monoxide in a Kraft Mill Bleach Plant
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
	2000	51	Carbon Monoxide Emissions from Pulping Processes
Chemical Emissions	1997	37	Investigation of Chemical and Bioaerosols Emissions from Pulp Mill Effluent Treatment Systems
Chlorinated Rubber-Coated Metals	1989	025	The Hazards Of Welding On Coated Materials

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Chlorine	1981	002	Gas Contaminants in the Forest Industry Working Environment: Interior Kraft Mills
	1981	001	Gas Contaminants in the Forest Industry Working Environment: Report on Studies Carried Out in 1979-1980
	1982	003	Gas Contaminants in the Forest Industry Working Environment: Report Covering the Period June-December, 1981
	1984	004	Performance of Detector Tubes for Sulphur-Containing Gases and Chlorine in Pulp Mill Atmospheres
	1985	012	Potential Reactions Between Gases in the Atmospheres at Kraft Mills
	1988	022	Measurement Of Pulp Mill Gases By Detector Tube, Passive Dosimeter, and Personal Monitors
	1996	21	Passive Monitoring Devices - Potential for Large Scale, Economically Feasible Workplace Exposure Assessments
	1997	31	Chlorine/Chlorine Dioxide: A Review of Health Effects
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
2001	53	Decomposition of Chlorine Dioxide in Workplace Atmospheres	

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Chlorine Dioxide	1981	001	Gas Contaminants in the Forest Industry Working Environment: Report on Studies Carried Out in 1979-1980
	1981	002	Gas Contaminants in the Forest Industry Working Environment: Interior Kraft Mills
	1982	003	Gas Contaminants in the Forest Industry Working Environment: Report Covering the Period June-December, 1981
	1984	004	Performance of Detector Tubes for Sulphur-Containing Gases and Chlorine in Pulp Mill Atmospheres
	1990	023	Chlorine Dioxide: A Review Of Workplace Monitoring Techniques
	1993	026	Chlorine Dioxide In Operating Areas At Bleach Plants
	1988	027	A Review Of Exposure Limits For Chlorine Dioxide
	1996	20	Evaluating an Exposure Assessment Strategy: Chlorine Dioxide and Carbon Monoxide in a Kraft Mill Bleach Plant
	1996	21	Passive Monitoring Devices - Potential for Large Scale, Economically Feasible Workplace Exposure Assessments
	1997	31	Chlorine/Chlorine Dioxide: A Review of Health Effects
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
	2001	53	Decomposition of Chlorine Dioxide in Workplace Atmospheres
2001	55	Chlorine Dioxide: Methods to Measure Workers' Exposure	

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Chromium	2001	58	Metal Fume Concentrations During Welding in Confined Spaces
Combustible Gases	1988	017	Reliability Of Portable Gas Monitors
Confined Spaces	2001	58	Metal Fume Concentrations During Welding in Confined Spaces
Construction Workers	1990	024	Recommendations to Minimize Construction Workers' Exposure to Pulp Mill Gases
CTMP	2001	54	Air Emissions From Peroxide Bleaching of CTMP

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Dehydroabietic Acid	2000	52	Evaluation of Pulp and Paper Machine White Water Phase IV: Identification of Unknown Dermal Sensitization Compounds
Delta-Carene	1999	47	Pulp Mill Worker Exposure to Terpenes
	2001	54	Air Emissions From Peroxide Bleaching of CTMP
Dermal Sensitization	2000	52	Evaluation of Pulp and Paper Machine White Water Phase IV: Identification of Unknown Dermal Sensitization Compounds
Dermatitis	1985	005	Wood Dust: A Review of Potential Effects on Health
	1988	021	Formaldehyde: Part I: A Review of Health Effects. Part II: Exposure Levels at Five Forest Industry Workplaces. Part III: Performance of Three Personal Diffusion Monitors
Detector Tubes	1984	004	Performance of Detector Tubes for Sulphur-Containing Gases and Chlorine in Pulp Mill Atmospheres
	1988	022	Measurement Of Pulp Mill Gases By Detector Tube, Passive Dosimeter, and Personal Monitors
	1990	023	Chlorine Dioxide: A Review Of Workplace Monitoring Techniques

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Diffusion Monitors	1988	021	Formaldehyde: Part I: A Review of Health Effects. Part II: Exposure Levels at Five Forest Industry Workplaces. Part III: Performance of Three Personal Diffusion Monitors
Dimethyl Disulphide	1981	001	Gas Contaminants in the Forest Industry Working Environment: Report on Studies Carried Out in 1979-1980
	1981	002	Gas Contaminants in the Forest Industry Working Environment: Interior Kraft Mills
	1982	003	Gas Contaminants in the Forest Industry Working Environment: Report Covering the Period June-December, 1981
	1984	004	Performance of Detector Tubes for Sulphur-Containing Gases and Chlorine in Pulp Mill Atmospheres
	1988	028	A Review Of Exposure Limits For Dimethyl Sulphide and Dimethyl Disulphide
	1992	07	Dimethyl Sulphide: A Method For Collection And Analysis Of Personal Air Samples
	1996	18	Dimethyl Sulphide and Dimethyl Disulfide - A review of Health Effects
	2001	57	Hydrogen Sulphide Monitors Responsiveness to Other Reduced Sulphur Gases

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Dimethyl Sulphide	1988	028	A Review Of Exposure Limits For Dimethyl Sulphide and Dimethyl Disulphide
	1992	07	Dimethyl Sulphide: A Method For Collection And Analysis Of Personal Air Samples
	1996	18	Dimethyl Sulphide and Dimethyl Disulfide - A review of Health Effects
	2001	57	Hydrogen Sulphide Monitors Responsiveness to Other Reduced Sulphur Gases
Dimethyl Trisulfide	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Electric and Magnetic Fields	1996	60	Electric and Magnetic Fields at Three Pulp and Paper Mills
Electric Shock	2003	62	The long term health effects of electric shock for electricians and other workers
Electromagnetic Fields	2006	66	Ozone and Electromagnetic Fields at Pulp and Paper Mills
Endotoxin	1999	45	Bioaerosols From Pulp Mill Effluent Treatment Sludges
	2002	59	Microorganisms Associated With Wood Chips, Hog Fuel, and Sludge at Pulp Mills
	2003	63	Workers' exposure to airborne endotoxin associated with pulp and paper machines

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Engineering Controls	1993	026	Chlorine Dioxide In Operating Areas At Bleach Plants
Epoxy-Coated Metals	1989	019	Emissions From Welding On Epoxy-Coated Metals
	1989	025	The Hazards Of Welding On Coated Materials
Ergonomics	1991	04	Ergonomic Concerns In The Pulp And Paper Industry
	1996	19	Development of an Ergonomics Program Model
	1996	24	Ergonomics and Process Control Design for the Pulp and Paper Industry
	1996	28	Ergonomic Guidelines for Pulp and Paper Process Control Room Design - a Quick Reference Guide
	1999	48	Smart Moves - An Ergonomics Newsletter: Issue 6
Eruclamide	2000	52	Evaluation of Pulp and Paper Machine White Water Phase IV: Identification of Unknown Dermal Sensitization Compounds
Ethanol	2001	54	Air Emissions From Peroxide Bleaching of CTMP

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Exposure / Exposure Limits	1988	027	A Review Of Exposure Limits For Chlorine Dioxide
	1994	12	Guidelines for Occupational Exposure Assessments
	1995	16	Wood Dust Exposure - Sampling Methods/Strategies for Measuring Workers' Exposure
	1995	15	Wood Dust Exposure and Workers' Health - Summary of Recent Developments
	1996	17	A Summary of Wood Dust Exposure Assessments in BC Pulp and Paper Mills
	1996	20	Evaluating an Exposure Assessment Strategy: Chlorine Dioxide and Carbon Monoxide in a Kraft Mill Bleach Plant

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Fly Ash	1996	29	Exposure to Metals During Hog Fuel Boiler Shutdown Maintenance Activities
	1997	34	Exposure to Metals During Hog Fuel Boiler Shutdown Maintenance Activities - Addendum
	2005	65	Dioxins and Furans in Hog Fuel Boiler Grate and Fly Ash
Formaldehyde	1988	021	Formaldehyde: Part I: A Review of Health Effects. Part II: Exposure Levels at Five Forest Industry Workplaces. Part III: Performance of Three Personal Diffusion Monitors
	1989	019	Emissions From Welding On Epoxy-Coated Metals
	1997	32	Paper Additives, Paper Dust and Fungal Exposure at the Paper Machine
	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills
	1999	49	Dermal Exposure To Paper Additives - Phase III: Assessment of Dermal Exposures
	2000	50	Acrolein and Other Aldehydes in Pulp Mill Environments
	2001	54	Air Emissions From Peroxide Bleaching of CTMP
	2003	61	Emissions From Glues Used on Wrap lines at Paper Mills

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Formic Acid	1999	49	Dermal Exposure To Paper Additives - Phase III: Assessment of Dermal Exposures
Foul Condensates	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills
Fungi / Fungal Spores	1997	32	Paper Additives, Paper Dust and Fungal Exposure at the Paper Machine
	1999	45	Bioaerosols from Pulp Mill Effluent Treatment Sludges
	2002	59	Microorganisms Associated With Wood Chips, Hog Fuel, and Sludge at Pulp Mills

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Gas Alarms / Gas Monitors / Gas Detection	1987	015	Reliability Of Hydrogen Sulphide Gas Alarms
	1988	017	Reliability Of Portable Gas Monitors
	1990	023	Chlorine Dioxide: A Review Of Workplace Monitoring Techniques
	2001	57	Hydrogen Sulphide Monitors Responsiveness to Other Reduced Sulphur Gases
Gas Collection	1992	07	Dimethyl Sulphide: A Method For Collection And Analysis Of Personal Air Samples
Gas Contaminants	1981	001	Gas Contaminants in the Forest Industry Working Environment: Report on Studies Carried Out in 1979-1980
	1981	002	Gas Contaminants in the Forest Industry Working Environment: Interior Kraft Mills
	1982	003	Gas Contaminants in the Forest Industry Working Environment: Report Covering the Period June-December, 1981
Glue Emissions	2003	61	Emissions From Glues Used on Wrap lines at Paper Mills

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Hearing Protection	1996	26	Literature Review of Hearing Protection
Hydrochloric Acid	1999	46	Sensory Parameters as Indicators of Occupational Overexposure

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Hydrogen Sulphide	1981	001	Gas Contaminants in the Forest Industry Working Environment: Report on Studies Carried Out in 1979-1980
	1981	002	Gas Contaminants in the Forest Industry Working Environment: Interior Kraft Mills
	1982	003	Gas Contaminants in the Forest Industry Working Environment: Report Covering the Period June-December, 1981
	1984	004	Performance of Detector Tubes for Sulphur-Containing Gases and Chlorine in Pulp Mill Atmospheres
	1985	012	Potential Reactions Between Gases in the Atmospheres at Kraft Mills
	1988	017	Reliability Of Portable Gas Monitors
	1988	022	Measurement Of Pulp Mill Gases By Detector Tube, Passive Dosimeter, and Personal Monitors
	1988	032	A Review Of Exposure Limits For Hydrogen Sulphide
	1989	020	Emissions From Welding In Hydrogen Sulphide Contaminated Air
	1996	21	Passive Monitoring Devices - Potential for Large Scale, Economically Feasible Workplace Exposure Assessments
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
2001	57	Hydrogen Sulphide Monitors Responsiveness to Other Reduced Sulphur Gases	
Hypersensitivity Pneumonitis	1985	005	Wood Dust: A Review of Potential Effects on Health

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Impinger Sampling	1990	023	Chlorine Dioxide: A Review Of Workplace Monitoring Techniques
Inhalable Particles	1985	009	Lime and Paper Dust Emissions at a Newsprint Mill
Irritation - Respiratory/Thresholds	1999	46	Sensory Parameters as Indicators of Occupational Overexposure

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Ketones	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills
Kraft Mill Gases	1987	016	Potential Reactions of Kraft Mill Gases During Arc Welding. Phase I: Testing of a Welding Reaction Chamber

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Legionella	2004	64	Investigation of Legionella bacteria in cooling water and process water systems
Lime Dust	1985	009	Lime and Paper Dust Emissions at a Newsprint Mill

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Metal Fume	2001	58	Metal Fume Concentrations During Welding in Confined Spaces
Methanol	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
Methyl Isobutyl Ketone	1989	019	Emissions From Welding On Epoxy-Coated Metals

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Methyl Mercaptan	1981	001	Gas Contaminants in the Forest Industry Working Environment: Report on Studies Carried Out in 1979 - 1980
	1981	002	Gas Contaminants in the Forest Industry Working Environment: Interior Kraft Mills
	1982	003	Gas Contaminants in the Forest Industry Working Environment: Report Covering the Period June - December, 1981
	1984	004	Performance of Detector Tubes for Sulphur-Containing Gases and Chlorine in Pulp Mill Atmospheres
	1988	022	Measurement Of Pulp Mill Gases By Detector Tube, Passive Dosimeter, and Personal Monitors
	1988	017	Reliability Of Portable Gas Monitors
	1988	029	A Review Of Exposure Limits For Methyl Mercaptan
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
2001	57	Hydrogen Sulphide Monitors Responsiveness to Other Reduced Sulphur Gases	

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Monitors	1988	017	Reliability Of Portable Gas Monitors
	1988	021	Formaldehyde: Part I: A Review of Health Effects. Part II: Exposure Levels at Five Forest Industry Workplaces. Part III: Performance of Three Personal Diffusion Monitors
	1988	022	Measurement Of Pulp Mill Gases By Detector Tube, Passive Dosimeter, and Personal Monitors
	1990	023	Chlorine Dioxide: A Review Of Workplace Monitoring Techniques
	1993	026	Chlorine Dioxide In Operating Areas At Bleach Plants
	1996	21	Passive Monitoring Devices - Potential for Large Scale, Economically Feasible Workplace Exposure Assessments
	2001	55	Chlorine Dioxide: Methods to Measure Workers' Exposure
Moulds / Mould Spores	1985	005	Wood Dust: A Review of Potential Effects on Health
	1985	006	Measurement of Airborne Moulds and Bacteria at a Newsprint Mill
Multicyclic Hydrocarbons	2000	52	Evaluation of Pulp and Paper Machine White Water Phase IV: Identification of Unknown Dermal Sensitization Compounds
Muriatic Acid	1999	46	Sensory Parameters as Indicators of Occupational Overexposure

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Odour Thresholds	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
Organic Vapour Cartridges	1985	008	Life Expectancy of Respirator Cartridges Used in B.C. Kraft Pulp Mills
Oxodehydroabietic Acid	2000	52	Evaluation of Pulp and Paper Machine White Water Phase IV: Identification of Unknown Dermal Sensitization Compounds
Oxygen Monitors	1988	017	Reliability Of Portable Gas Monitors
Ozone	2006	66	Ozone and Electromagnetic Fields at Pulp and Paper Mills

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Paper Dust / Paper Additives	1985	009	Lime and Paper Dust Emissions at a Newsprint Mill
	1997	32	Paper Additives, Paper Dust and Fungal Exposure at the Paper Machine
	1999	49	Dermal Exposure to Paper Additives - Phase III: Assessment of Dermal Exposures
Paper Machine Additives	1999	49	Dermal Exposure To Paper Additives - Phase III: Assessment of Dermal Exposures
Passive Dosimeter	1988	022	Measurement Of Pulp Mill Gases By Detector Tube, Passive Dosimeter, and Personal Monitors
	1996	21	Passive Monitoring Devices - Potential for Large Scale, Economically Feasible Workplace Exposure Assessments

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
PCB	1989	018	Guidelines For Safe Handling of PCB-Contaminated Mineral Oil
Permissible Concentration	1988	027	A Review Of Exposure Limits For Chlorine Dioxide
	1988	028	A Review Of Exposure Limits For Dimethyl Sulphide and Dimethyl Disulphide
	1988	029	A Review Of Exposure Limits For Methyl Mercaptan
	1988	030	A Review Of Exposure Limits For Sulphur Dioxide
	1988	031	A Review Of Exposure Limits For Turpentine
	1988	032	A Review Of Exposure Limits For Hydrogen Sulphide
Peroxide Bleaching	2001	54	Air Emissions From Peroxide Bleaching of CTMP
Phenol / Phenolics	1989	019	Emissions From Welding On Epoxy-Coated Metals
	1998	39	Evaluation of Pulp and Paper Machine White Water For Compounds Causing Adverse Health Effects
	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Physical Energies / Physical Hazards	1996	27	Physical Hazards in the Pulp and Paper Industry and Associated Health Effects
	1997	36	Engineering Control Measures for Physical Energies in the Pulp and Paper Industry
Polyurethane-Coated Metals	1989	025	The Hazards Of Welding On Coated Materials
Pulp Mill Gases	1988	022	Measurement Of Pulp Mill Gases By Detector Tube, Passive Dosimeter, and Personal Monitors
	1990	024	Recommendations to Minimize Construction Workers' Exposure to Pulp Mill Gases

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Red Cedar Dust	1985	005	Wood Dust: A Review of Potential Effects on Health
Reduced Sulfur Gases	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills
Resin Acids	1998	39	Evaluation of Pulp and Paper Machine White Water For Compounds Causing Adverse Health Effects
	1998	41	Foul Condensates: Potential Occupational Exposures in Kraft Mills
	2000	52	Evaluation of Pulp and Paper Machine White Water Phase IV: Identification of Unknown Dermal Sensitization Compounds
Resistant Coatings	1989	025	The Hazards Of Welding On Coated Materials
Respirable Particles	1985	009	Lime and Paper Dust Emissions at a Newsprint Mill
Respirators	1985	008	Life Expectancy of Respirator Cartridges Used in B.C. Kraft Pulp Mills
	1994	13	Life Expectancy of Cartridges for Escape Respirators
	1996	22	Weight Gain of Escape Respirator Cartridges After 12 Months of Use in a Pulp Mill
	2001	58	Metal Fume Concentrations During Welding in Confined Spaces
Respiratory Disease	1985	006	Measurement of Airborne Moulds and Bacteria at a Newsprint Mill
Respiratory Hazards	2007	67	Investigation or Respiratory Hazards Associated with Processing/Handling Pine Beetle Wood Products

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Sampling Bags	1984	004	Performance of Detector Tubes for Sulphur-Containing Gases and Chlorine in Pulp Mill Atmospheres
Shift Work	1996	23	Shift work in the Pulp and Paper Industry: Coping Strategies and Recommendations
Sodium Hydroxide	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
Squalene	2000	52	Evaluation of Pulp and Paper Machine White Water Phase IV: Identification of Unknown Dermal Sensitization Compounds
Styrene	1985	012	Potential Reactions Between Gases in the Atmospheres at Kraft Mills
	1999	46	Sensory Parameters as Indicators of Occupational Overexposure
Sulphur Dichloride	1985	012	Potential Reactions Between Gases in the Atmospheres at Kraft Mills

Use the bookmarks on the left to link to the summary or report.

Subject	Year	Bulletin/ Report No.	Title
Sulphur Dioxide	1981	001	Gas Contaminants in the Forest Industry Working Environment: Report on Studies Carried Out in 1979-1980
	1981	002	Gas Contaminants in the Forest Industry Working Environment: Interior Kraft Mills
	1982	003	Gas Contaminants in the Forest Industry Working Environment: Report Covering the Period June-December, 1981
